

Flat Rate Cleaning Checklist

(Recurring Service)

The following are 'KEEP UP' tasks which mean due to the recurring clean happening will just need a top up clean each time:

- Cobweb removal
- Ceiling fans cleaning
- Baseboards

Safety Check: Prior to starting the clean please perform a quick safety check of the areas you will be working. Look for any objects that could cause you or your equipment harm and ensure you move these out of the way (replace after you have finished). Check for any liquid spills and if needed wipe these up before commencing work. Your safety is important and performing a quick safety check (2 minutes) can help ensure the environment you work in is safe.
